What was something new you learned from Pastor Adam's sermon this week? Was anything particularly challenging, surprising, or especially encouraging? Why?

What is your experience with Christian prophecy? Was this gift of the Spirit welcome and exercised in your church context growing up? If not, why? If so, how?

Montanism Recap

Montanus was a new convert and former pagan priest when he started leading others. His movement (and the controversy) centered around prophecy: how it was done (ecstatic & not subject to the prophet's control, not submitted for discernment), what it claimed (general revelation to all Christians about end times, behavioral requirements, etc.), and the authority it was given (equal to scripture).

What problems do you see here? Use scripture to address them.

Read 1Corinthians 14:1-33

What does this passage teach about prophecy?

Where does it come from? What is its purpose? How should it be used? What checks or controls are placed on it?

Read Acts 17:11 | Deut 18:22 & 13:1-5 | Matt 7:15-20 | 1Cor 14:29 | 1John 4:1-3 | 2Cor 11:13-15

Why is it important to test prophets and prophetic words? According to these passages, how do we test them?

Talk About It - Modern Montanism

Where do you see forms of Montanism today?
Why do Christians continue to struggle with this?
How do we embrace the gift of prophecy without falling into the traps of Montanism?
